

TURBO

- **CLEANS FASTER**
Penetrates rapidly to clean and remove all types of industrial grease, oils or films from metal parts.
- **LONG CLEANING LIFE**
Contains fresh, not recycled, solutions! **TURBO** continues to clean up to 4 times longer than rented units with recycled cleaning solutions.
- **UNIQUE WATER FILTRATION**
TURBO floats on top of water! Debris falls out, preventing contamination and extending the cleaning life of **TURBO**.
- **EASY ON HANDS**
Contains additives to reduce drying of hands.
- **RUST PROTECTOR**
Leaves behind a protective rust and corrosion prevention coating.
- **DRIES FASTER**
Parts are dry and ready to reuse quickly.
- **PLEASANTLY SCENTED**
Leaves work area smelling fresh.
- **RECYCLABLE**
Pickup by approved oil recyclers.
- **FLASH POINT ABOVE 140° F**
Does not require Flammable DOT label.

Please read label for directions and cautions before use.
